Mega Man 9 WAD WAD 3D WAD This game was a massive amount of fun, had the most challenging 1 and 2 difficulty levels, and the 3D WAD was awesome . Mega Man 9 WAD [NTSC] n.wad Joined: 1/3/2004. The first release was later improved with patch 2.0 and can be downloaded here. Download [NTSC] n.wad. Download [NTSC]. PAL Release Date: November 6, 2006. Genre: Action, Platformer 2D Publisher: Capcom Region: PAL Languages: Japanese Picture Format: WAD SIZE: 6.4MB. The Windows version is smaller than 1 Mega Man 5 WAD so there is no need to deal with freec... 02-May-2018 08:54.4M Megaman 9 (DLC) by M.K. Nouda in wad format (PL2, DLC1-4). Tags: Mega Man 9, wad, cheats, infinite, infinite lives, infinite ammo, 1-up, money, other weapons, is, patch, buster arm, call shot 2, call shot 3, infinite ammo, pause, dont, wait, pause cd, freeze, game, game play, blu, 1-ups, beat, game over, restart, rom. Some people have problems using buster arm, call shot 2, call shot 3 & infinite lives in the multiplayer. I think the wad for this will soon be made public so just get it if you want to play with these items. Enjoy! Feb 9, 2015 NTSC/PAL compatibility fix. The cartridge itself is fully compatible with the PS2 - it performs flawlessly on the PS2 in PAL region, but there is no sound support for NTSC games. However, the sound from wad 'NTSC.wad' is properly handled in the game when using NTSC version of the PS2. Use the following commands for saving & loading: Load command:. Load & Save. Save state. Save & Load. Load state. Save file. It can be found in the following directory: C:\Program Files\Capcom\MegaMan\Mega Man II\Game\Mega Man 9.wad[NTSC] Mega Man 9 [NTSC].wad - patch.wad[PAL] MP3 Splitter [NTSC.MP
